REDEFINING A CLASSIC COMBINATION

Introducing our new and exclusive colour story from Momentum- Tobacco & Cobalt.

Whether you are a lover of inky blues and rich mahogany tones or coastal blues and sandy hues, there are endless options with this colour story from the Momentum range.

Taken from the new collections Momentum 13, 14 fabrics and 07 wallpaper, over the next five months we'll demonstrate innovative ways to use the collection's inspiring colour groups, helping you to express your colour confidence.

TOBACCO & COBALT

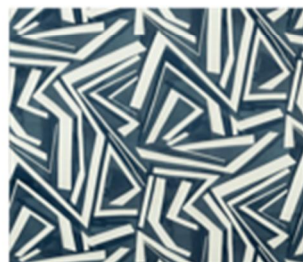

An innovative colour group for this season, the sumptuous depths of cobalt accented by rich coppery tones make for an undeniably glamorous look.

Layer tobacco highlights with inky blues and lavish cobalt tones, for a boldly contrasting colour scheme that is full of drama. Make a statement with our Distortion velvet, or elevate your space with our Transverse fabric or Fade wallpaper. Pair perfectly with the tonal solidity of a brass neutral.

GOLDEN GLOWS

Taking Momentum in a new direction, tobacco tones are renowned for their subtle decadence, warming rooms with a luxurious glow.

Pair with key neutrals for a sophisticated and rich look that radiates elegance. Soft pebble tones and shell whites accentuate tobacco as the key colour for this look, and the season.

EBONY & GOLD

Elevate this scheme further with the timeless monochrome look 'Ebony and Gold'. Showcasing injections of vibrant colour pops, teamed up with sleek charcoal tones, this scheme is effortlessly modern.

Pair these key colours with white walls for a crisp and sophisticated look that accentuate feature drapery designs Transverse, Extensity and Translate. Add highlights of tobacco or cobalt as cushions or blinds for a contemporary take on a classic look.
